

LUX CLASSIC CANISTER

A CLEAN HOME IS A HEALTHY HOME™

Studies have shown that regularly vacuumed carpet can be more beneficial to air quality than cleaning other surfaces. If not cleaned regularly, pollen, dust, animal dander and other pollutants can be circulated through the air you breathe. Also, dirt and soil trapped in the carpet will act like sandpaper, wearing away and diminishing the attractiveness of the carpet.

The Lux® Classic Canister vacuum is a durable and versatile cleaning system designed for powerful cleaning, convenience, ease of operation, and automated protection. The cleaner is equipped with specially designed fans and a quiet and powerful Motor to give the highest level of cleaning power. With a new high efficiency electrostatic Afterfilter, you can be assured of the cleanest and freshest air after using this vacuum. Wide wheels allow it to glide smoothly over the deepest carpets. Vinyl wrap-around end and side bumpers protect furniture from damage. Together with a variety of attachments, this cleaner provides the versatility needed to efficiently clean all types of floors and surfaces.

Ease of Use

Quick to power on and off with a tap of the foot on the unit and a click of a switch. The switches to engage the Power Brush and control the suction are conveniently located on the Handle Assembly and help make cleaning a breeze.

Powerful Cleaning

Cyclonic suction prevents clogs to maintain peak airflow, necessary for powerful cleaning.

Automatic Protection

If an object becomes tangled in the Power Nozzle Brush, the circuit breaker will automatically shut off and prevent damage. The Motor will also automatically shut down if it overheats.

Optional Sidekick Assembly

To further your cleaning capabilities, Aerus gives you the newest advancement in the cleaning world. The Sidekick® accessory is a revolutionary new tool powered by its own motor that combines superior cleaning action with easy maneuverability. The Sidekick® has a trim design that allows cleaning hard-to-reach areas like stairs, car interiors, bathrooms, upholstery and mattresses, easier than ever before.

No Mess Cleaning

The Classic's vacuum filter bag, exclusively designed for Aerus, is self-sealing so that no captured dirt or dust can escape.

Filter Bag Performance

Aerus® high efficiency, self-sealing Filter Bags provide four times (4x) better filtration than previous 4-ply designs. Tests show 94% efficiency at capturing particles as small as 0.3 micron and promotes longer Motor life and more efficient operation.

Overheating Protection

The Motor of the Lux Classic Canister shuts off when the temperature rises above the proper operating level. This prevents damage from overheating and prolongs the life of the Motor.

No Worries

The Lux Classic is protected by a limited 5 year warranty.

Better Cleaning with L-Shape Design

The Power Nozzle's self-adjusting action adapts to different carpet heights as well as hard surface floors. It maneuvers easily around furniture and right up to walls, providing superior edge cleaning and two-sided corner cleaning, as well as four-sided cleaning around table and chair legs.

Cleaner Air

Fine dirt and particles are captured by a high efficiency, electrostatic Afterfilter to ensure the air in your home will be clean and fresh.

Power Switch

The Power Switch on the Handle Assembly gives power to the Hose Assembly and makes cleaning a breeze.

Suction Control

The Suction Control Valve allows for easier vacuuming of delicate materials such as drapes and upholstery and adjusts to match your pick-up needs.

Convenience

An automatic Cordwinder makes cord storage easy.

LUX CLASSIC CANISTER

SPECIFICATIONS

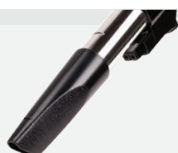

Product Information	00637; Model: C1511
Electrical	11.5 Amps at 120 Volts AC; 60 Hz
Mechanical	Motor: 439 Air Watts
Filter Bag Capacity	2.5 US qts (2.4 L)
Cord Length	20 ft (6.1 m)
Canister Dimensions	22" L x 8.8" W x 8.5" H (55.9 cm x 22.2 cm x 21.6 cm)
Canister Weight	11 lbs (5 kg)
Power Nozzle Dimensions	3.5" H x 14.8" W (8.9 cm x 37.5 cm)
Power Nozzle Weight	4.6 lbs (2.1 kg)
